Welcome

The National Federation of the Blind (NFB) continues to raise the expectations of blind people and transform dreams into reality, and on behalf of the NFB, we invite you to partner with us and support this work. By serving as a sponsor of the National Federation of the Blind 2020 National Convention, being held July 14-19, 2020, in Houston, Texas, you will be helping us create opportunities for the blind of America to live the lives we want while increasing brand awareness of your organization for thousands of blind individuals and their families.

The National Federation of the Blind National Convention is the largest gathering of the blind in the world. The funding you provide by serving as a sponsor goes far beyond helping to support the important activities of our national convention. These resources contribute to our work throughout the year as we implement programs to improve education and employment opportunities, raise awareness, shatter misconceptions, provide resources and advocacy, and promote the true independence of blind Americans. Sponsors benefit from increased visibility leading up to and during the convention through social media promotion, advertising, and signage. National convention sponsors also enjoy the opportunity to connect with NFB leadership throughout the week, most notably during the convention kick-off reception.

Another benefit of sponsorship is your presence in the convention exhibit hall. Our exhibit hall is one of the highlights of the convention, with nearly every attendee visiting the hall. The exhibit hall provides the perfect opportunity for you to meet and interact with a unique customer base and demonstrate your products and services. As a sponsor in the exhibit hall, you will enjoy increased exposure, premium placement, and extended exhibit hours on the first day during the sponsors-only preview.
Your partnership helps us fulfill our mission to ensure that the blind achieve complete integration into society on the basis of equality. We look forward to working with you so that together we can transform blind people's dreams into reality.

Why the National Federation of the Blind National Convention?

The National Federation of the Blind (NFB) National Convention is the largest annual gathering of blind people in the world. Each year, thousands of blind people, their families, and supporters gather to discuss ways to continue helping blind people live the lives they want. Every aspect of life as a blind person is presented at the convention, including hobbies, education, employment, technology, parenting, and the rights of blind people. The six-day event allows blind people to come together to reflect on the advances we've made throughout the year as well as plan what is next for the NFB.

Why the NFB?

The National Federation of the Blind knows that blindness is not the characteristic that defines you or your future. Every day we raise the expectations of blind people, because low expectations create obstacles between blind people and our dreams. You can live the life you want; blindness is not what holds you back.

The National Federation of the Blind is the only organization that believes in the full capacity of blind people and has the power, influence, diversity, and determination to help transform our dreams into reality. Founded in 1940, the National Federation of the Blind is the largest organization of the blind in America.

Who Participates?

 Thousands of blind people from across the country and their families attend the National Federation of the Blind National Convention. All age groups from infants to seniors attend the convention to learn about the activities of the Federation throughout the year, see old friends and make new ones, check out new technologies, and be inspired by other blind people. Parents, educators, legal and government professionals, and technology developers are just a few of the groups that attend this convention.
